C8: Order with empty number field on the cart

Type	Priority	Estimate	References
Functional	Medium	180	None

Automation Type

None

Steps

#	Action	Expected Result
1	Go to exdrive.com.ua	The site should open and the user can see the main page of the site
2	Click on 'Квадроцикли' on the menu items	A list of the products from the category 'Квадроцикли' should be displayed
3	Add the first product on the shopping cart	The product should be in the shopping cart and the user can continue ordering
4	Set product "count" field to empty	Shopping cart should not contain any products
5	Update the shopping cart	The cart should be updated
6	Click "order" button	The message should be displayed "User can't order the product, please enter the count of the products"
